These commercial television broadcast station licensees and the Class A television broadcast

station licensees both use FCC Form 398:

(a) To identify the individual station, and

(b) To identify the children's educational and informational programs, which the station broadcasts on both the regularly scheduled and preempted core programming, to meet the station's obligation under the Children's Television Act of 1990 (CTA).

Each quarter, the licensee is required to place in its public inspection file a “Children's Television Programming Report” and to file the FCC Form 398 each quarter with the Commission. The licensee must also complete a “Preemption Report” for each preempted core program during the quarter. This “Preemption Report” requests information on the date of each preemption, if the program was rescheduled, the date and time the program was aired, and the reason for the preemption.
